

FBI Omaha Teen Academy 2020

The FBI Omaha Field Office is now accepting applications for the 2020 Teen Academies in Omaha (July 8th and 9th) and West Des Moines (July 14th). If you are a high school student entering their junior or senior year in Fall 2020 with a GPA of 3.0 or higher you are eligible to apply to the Teen Academy. Space is limited and acceptance is not guaranteed. Application packages are currently available at <https://www.fbi.gov/contact-us/field-offices/omaha/community-outreach>, under the Community Outreach tab.

Due to the vast diversity in our workforce, any student with an interest in the FBI is encouraged to apply. All students will be evaluated on their written essay and application (GPA, school activities, and community involvement) to determine which students will be offered a seat in the class. None of the above elements will be the sole basis of evaluation of an application, and the application process should be taken seriously by all applicants. This program is not exclusive to students only interested in criminal justice.

The Teen Academy offers insight into a number of topics and specialties including the importance of making good choices when using online communication platforms, what violations of federal law the FBI investigates, what is required of all FBI applicants, and the FBI's domestic and international roles. Students will also enjoy numerous hands-on experiences involving specialized areas of the FBI, such as the Evidence Response team and more.

Punctuality, professional behavior, and appropriate dress code will be required of all students attending the program. Students must be available to attend the whole of the Academy and are responsible for their own transportation. Class will go from 9:00am to 4:00pm.

The application, essay, letter of recommendation, and release form must be attached and submitted by March 31st, 2020. Interested students should complete and submit the required application and materials via mail to:

Frequently Asked Questions Regarding the FBI Teen Academy

Q. Is the program only for high school students?

A. Yes, the program has been designed for incoming high school juniors and seniors to ensure that they have at least one year remaining in their academic career at their high school. This enables students to share the information they have learned with their peers, when appropriate.

Q. Is the essay important?

A. Yes, the essay is important as it is the first element of the application package that is reviewed by our panelists. This essay offers the review panel insight into the student's expectations, reasons for attending, and how the student intends to use the information to benefit their school and community. A high GPA in absence of a well written essay and vice versa can be problematic.

Q. Do 4.0 students get guaranteed seat in the class?

A. No student will be assured a seat by GPA alone. All students must submit a well-written essay detailing why they want to attend the academy and how the experience will benefit their school and/or community. Students should list all school activities and community involvement that demonstrate that they are a well-rounded student.

Q. Is a particular GPA required?

A. Yes, a 3.0 GPA is required.

Q. Does a student have to have specific experience or interest in law enforcement to be a successful candidate?

A. No, a student does not need to be in a criminal justice program, explorers program, ROTC, ect. The primary objective is to identify students who are capable of leadership and have an interest in what the FBI does.

Q. Is this experience similar to an internship?

A. The FBI Teen Academy is not an internship and while the students may be offered case studies drawn from adjudicated cases and may be given hands on experiences in a simulated scenario, students will not be exposed to active cases, day-to-day investigations, or sensitive information. The FBI Honors Internship Program is open to college undergraduate and graduate students. To learn more about the FBI Honors Internship Program, go to:

Q. I love forensic science! Will I get to learn techniques?

A. While students will be exposed to some basic evidence collection techniques during the session, the Academy covers a wide variety of topics from a classroom and experimental perspective as well as concepts that are designed to enhance student awareness of issues such as cybercrime, terrorism, and more.
